MOORING / DOCK RENTAL TERMS & CONDITIONS

I, the renter, agree to abide by all rules and regulations as outlined in the Dock / Mooring Rental Policies & Procedures as seen below. Failure to do so may result in the cancellation of this Agreement and the immediate removal of the boat from the marina.

Any reference to the Renter in these regulations shall be deemed to be a reference also to the person in charge of a boat where such person is not included in the Dock / Mooring Rental Agreement. The regulations and limitations contained hereinafter shall also apply to personal watercrafts and vehicles of the boat owner or his / her family, crew, or guests while on marina property.

Rules & Conditions:

- SWMS reserves the right to move or relocate any boat if its location indicates a safety risk to other clients, other client's boats, or threatens to impede the daily efficient operation of the marina. The renter agrees to move his/her boat in accordance with the Marina Director and when unattended authorizes the Marina Crew to move the boat at their discretion. SWMS must have access to your boat. Please leave a set of keys in the marina office.
- The renter agrees to remove his / her vessel from the assigned dock and / or mooring no later than 12:00 noon on the date this agreement expires. Failure to do so will result in additional charges being charged to the credit card number supplied, and/or may result in the removal of the boat by the Marina Manager at Renters' expense and risk.
- Notice of cancellation must be received a minimum of 48 hours in advance. Otherwise, the balance of the booked stay will be charged to the CC provided.
- The welfare of the boat while docked or moored is the complete responsibility of the owner (i.e., boats in the water must be checked regularly for watertight integrity, mooring lines, fenders, etc.) SWMS staff will NOT be responsible in any way while your boat is moored or docked. It is recommended to check your vessel on a regular basis (even as much as daily) to ensure everything is in good order.
- If there is a fluid (i.e.: oil, oily bilge water, gasoline etc.) leak and / or spill from your vessel you will be responsible for all costs related to the clean-up of that spill.
- If a boat sinks in the Marina area, the owner must remove such wreck forthwith. If the owner fails to do so, the Marina Manager may remove the wreck at the owners' expense, and the cost thereof shall be a debt due from the renter to Shining Waters Marine.
- During storms, customers are asked to monitor weather stations and to take necessary precautions during stormy weather.
- The renter shall not store supplies, accessories, debris, or other materials on the docks and or bulkhead area. The Renter shall not operate and/or store cooking appliances on any pier and / or bulkhead area.
- All garbage is to be put in garbage cans located throughout the yard. Recycle rules are to be respected and garbage is to be disposed of appropriately. At no time should batteries, hydraulics, oil, or any other dangerous waste be disposed of in the garbage. SWMS provides appropriate disposal for hazardous materials.
- All owners must always keep their area clean. A fee will apply if marina staff must clean your area.
- All items left at the marina are left at the owner's risk.
- Young children MUST wear PFD's while on the docks and be always under the supervision and responsibility of an adult.
- Dogs must always be kept on a leash and picked up after.
- There is no running / swimming / diving / fishing or smoking on the dock system.
- Vehicles are not permitted in the haul / launch area, only the designated 15-minute parking space for loading or offloading provided space is available.
- This is a working boat yard. Please drive slowly and be aware of our staff, moving machinery and other clients. Yard speed limit is 10km/h
- If a car is parked and left unattended and will impede the function of the boatyard, SWMS reserves the right to have the vehicle towed at the owner's expense.
- Customers are responsible for all guests' conduct and could be held liable for their actions while on the premises.
